Subject: Letter of Positive Performance for Lobo Institute

To Whom it May Concern,

I am writing to express my sincere appreciation for the exceptional performance and valuable contributions made by Lobo Institute during their engagement with Health Security Partners (HSP) from September 2021 to February 2024.

Lobo Institute played a pivotal role in advising and establishing a foundation of trust for six isolated personnel in Afghanistan. Their expertise in Survival, Evasion, Resistance, and Escape (SERE) skills and procedures was instrumental in supporting the isolated personnel. Lobo Institute developed individual Plans of Action (PoA), ensuring a comprehensive approach to escape, evasion, and recovery, in strict compliance with applicable U.S. laws and regulations. One of the noteworthy aspects of Lobo Institute's performance is their extensive experience in working in Afghanistan and other regions of conflict where they have established extensive networks.

We extend our gratitude for their dedication, professionalism, and exceptional skills demonstrated throughout the engagement.

Sincerely,

Jason E. Rao, Ph.D.
Executive Director
